* Teachers of Greek preparing pupils for the College, are requested to teach them to write and pronounce with the Greek *accents*. The pronunciation adopted at the College is the so-called Continental sound of the vowels and dipthongs; e. g., giving *α* the sound of a in *father*; *η*, that of a in *fate*; *ι*, that of i in *caprice*; *ει*, that of ei in *height*; *ου*, that of oo in *moon*; *αυ*, that of ou in *house*.

Instead of any of the text-books above enumerated, others, if fully equivalent, will be received. The examination in Greek and Latin will have especial reference to the Grammars and Prose Composition of the two languages.

EXAMINATIONS FOR ADMISSION.

The regular examination for admission is held at the Cabinet in Seabury Hall, on the Tuesday preceding Commencement, beginning at nine o'clock A. M. A second examination is likewise held at the same place at nine o'clock A. M., on the day before the beginning of Christmas Term.

No student can be admitted to the Freshman Class before he has completed his fifteenth year.

Candidates for an advanced standing must sustain a further examination on the studies pursued by the class which they propose to enter.

All candidates for admission must bring testimonials of good moral character; and those who are from other Colleges must produce certificates of dismission in good standing.

MATRICULATION.

All non-matriculated persons are considered as on probation, and, therefore, not entitled to the full privilege of members of the Institution. Upon giving evidence of good character, they are admitted to matriculation at the close of the term in which they have entered. Unless they are allowed to matriculate at the end of the second term of their course, they cease to be students of the College.

UNIVERSITY STUDENTS; AND THE DEGREE OF BACHELOR OF SCIENCE.

Provision has been made in the College Statutes, that students who do not propose to attend the whole course, may be permitted, under the name of University Students, to recite with the regular classes, in such studies as, upon examination, they shall be found qualified to pursue. They are expected to attend at least three recitations or lectures daily. They are subject to the same rules and enjoy the same privileges as the regular students; and on leaving with an hon-

orable dismission, are entitled to a certificate from the President, stating the time they have been members of the College, and the studies pursued by them during that time.

University Students may receive the degree of Bachelor of Science, provided they have resided at least two years and a half in College, and have regularly passed their examinations in all the prescribed studies of the Academic course, except the Latin and Greek; together with a further and more particular examination, satisfactory to the Faculty and Board of Examiners, in either of the following branches, viz.: the Differential and Integral Calculus; Practical Astronomy; Analytical and Agricultural Chemistry; Geology and Mineralogy; Natural History; or Civil Engineering.

Any Student of the College may receive the Degree of Bachelor of Science, together with that of Bachelor of Arts, upon passing a special examination in the regular Mathematical and Scientific course, and the further examination above indicated.

RELIGIOUS WORSHIP AND INSTRUCTION.

Daily Morning and Evening Prayers are said in the College Chapel.

On Sunday all the students not specially excused, attend one service in the College Chapel, and one at such place in the city as their parents or guardians designate.

The first recitation every Monday morning is in the Greek Testament, in various text-books, or lectures on the History of the Holy Scriptures and of the Prayer Book, on Church History, Natural Theology and the Evidences of Christianity.

The religious services of the College are in accordance with the principles of the Protestant Episcopal Church; but students, not Episcopalians, may be excused from attending the Sunday Chapel service and the Monday morning recitation, provided the parents or guardians make the request and designate the place of worship to be substituted. Some other recitation, also, will in such case be provided by the College.

Other opportunities and means of moral and religious culture and teaching will be offered, from time to time, by the President and other officers, to such students as may desire to accept and use them.

EXAMINATIONS.

Professors' Examinations are held at the end of every month of four weeks in each Department. Those at the close of Christmas Term are upon the studies of the whole Term.

The Trinity Annual Examinations, in presence of Committees appointed by the Corporation, the Board of Fellows and the Faculty, are upon all the studies of the year. The Examinations of the Seniors for degrees begin on June 5th, 1865, and the Junior, Sophomore and Freshman Examinations begin on the 20th of June.

The Annual Examinations are followed by the Examinations for Honors. Admission to these is regarded as itself an honor, inasmuch as it depends on passing the Professors' and the Annual Examinations with great credit. Success in the Examinations for Honors, the standard of which is higher than that of the Required Examinations, entitles a student to peculiar distinctions both during and after his College course.

Prizes.

THE TUTTLE PRIZE, OF THIRTY DOLLARS,

To be given to that member of the Senior Class who shall write the best essay on "*The Providential Law of scientific discovery and invention.*"

There must be at least three competitors, and the essays must be submitted to the Professor of Mathematics by the 1st of May, 1865. The successful competitor will consider himself under obligation to read his essay before the College.

THE ETHICAL PRIZE, OF TWENTY DOLLARS,

To be given by the President to that member of the Senior Class who shall write the best essay on the theme—"Ad bonitatem actus non sufficit bonitas intentionis;" (Bishop Sanderson, de Obligatione Conscientiæ, Prælec. II. 4.) The essays may be in English or in Latin, and must be submitted to the President by the 1st of May, 1865.

The prize will be awarded to the best essay, if there be at

least three competitors; if there be not so many, unusual merit in any essay offered shall win the prize. The successful essay is to be read before the College.

THE GREEK PRIZE, OF TWENTY DOLLARS,

To be given by the Professor of Greek to that student of the Junior Class who shall pass the best examination in the Oration on the Crown, and the Philippics of Demosthenes.

The examination will be in writing, and there must be at least three competitors.

THE LATIN PRIZE, OF TWENTY DOLLARS,

To be given by the Professor of Latin to that member of the Junior Class who shall sustain the best examination upon the Latin of the entire College course.

The examination will be in writing, and there must be at least three competitors.

PRIZE VERSION DECLAMATIONS.

A prize will be awarded on the following conditions:—

There must be six competitors, two from the Senior, two from the Junior, and two from the Sophomore Class, chosen by the members of each class respectively. Passages from Greek and Latin authors, distributed by lot, and then translated into English and submitted to the Professors of Greek and Latin and of English, will be pronounced in public on the appointed day, the Faculty acting as a committee of award on the delivery. The merit of the version, as a translation and as an English composition, together with the merit of the delivery, as a Declamation, shall have equal weight in determining the award of the Prize.

The Prize-man of the year will consider himself under obligation to pronounce an original version at the Prize De-

clamation of the following year, if he is still a member of the College, without being a candidate for a second Prize.

CHEMICAL PRIZE.

SCHOLARSHIPS.

The fee for tuition ($50 per annum) may be wholly or partly remitted to all who are unable to pay it, on special application to the Faculty. This is effected chiefly through twenty-four Scholarships endowed by subscriptions in the Diocese of Connecticut, two Scholarships established under an agreement with the Society for Promoting Religion and Learning in New York, the Scholarship of St. Paul's Church, Troy, New York, and the Heartt Scholarship.

All charges (about $100 per annum) are remitted to the holders of the five Scholarships of Trinity Church, New York.

The Thomas Backus Scholarship, founded by the Rev. Stephen Jewett, M. A., to be held "by some beneficiary designing to enter the ministry of the Protestant Episcopal Church," yields one hundred dollars annually, for which the beneficiary is to give his obligation, payable, with interest, four years after he leaves the College.

The Church Scholarship Society, of the Diocese of Connecticut, aids a number of students with loans, not exceeding $100 *per annum*, which are granted only to persons in necessitous circumstances, preparing for Holy Orders, and

sustaining a correct deportment as communicants. Applicants must be furnished with a testimonial of such qualifications, signed by a clergyman to whom they are personally known.

NOTE.—No student, incurring a serious College censure in the course of the year, will be recommended for any Scholarship.

TERM REPORT.

An account of the scholarship and conduct of every student is transmitted to his parents or guardian at the close of each term.

EXPENSES.

For tuition, (remitted, if necessary) $25 per term; for room rent, (with a room-mate,) $10 per term; for care of rooms, fuel for recitation rooms, and printing, $10 per term; all payable in advance. There may also be assessments for damages or other common expenses.

Students admitted to an advanced standing, unless honorably dismissed from other Colleges, are required to pay $12 for each term of their advancement.

The students reside in the College, and furnish their own rooms. They board in private families. Good board can be procured at current rates.

Provision has been made for supplying necessitous students with text-books.

To prevent extravagant or improper expenditures, it is recommended that all funds designed for the use of students, should be placed in the hands of the College Bursar, Professor Brocklesby.

LITERARY SOCIETIES.

There are two Literary Societies in the College, the Athenæum and the Parthenon.
